

## **Refund Policies Associated with Aim Early Idaho Endorsement® Fees**

### **EASy Registration Fee**

Aim Early Idaho does not refund EASy Registration Fees.

### **Endorsement® Processing Fee**

The Endorsement® Processing Fee only partially covers the Aim Early Idaho expenses related to supporting applicants through the process, facilitating application reviews, compiling feedback letters to each applicant, creating and mailing the endorsement certificate, and maintaining the Endorsement® Registry. In addition, at Levels III and IV there are the additional expenses related to the creation and field testing of a new exam each year, administering the exam, and reviewing the exam. Reviews of the applications submitted by Level III and IV applicants requires approximately 30-40% more time than the review of applications submitted by Level I and II applicants. Therefore, Aim Early Idaho is unable to refund Endorsement® Processing Fees once an application has been submitted for review. **This policy applies even if applicant is deferred, does not pass the exam, or accepts endorsement at another level with a lower fee.**
