

Infant/Early Childhood Mental Health Endorsement®

MENTAL HEALTH SPECIALIST

TREATMENT-FOCUSED ROLES

WHAT YOU DO MATTERS

You might already be doing this work if you...

- Interpret assessments and observations to identify developmental needs
- Create environmentally responsive, individualized treatment plans
- Implement relationship-focused therapeutic interventions
- Support the attachment relationship and address trauma, grief, or separation

WHY ENDORSEMENT®?

IECMH Endorsement® validates your clinical expertise, honors your commitment to early relationships, and connects you to professional development and a national network of IECMH specialists.

WHO SHOULD APPLY?

This endorsement is designed for:

- Parent-Infant Psychotherapists
- Parent-Child Psychotherapists
- IECMH Specialists
- Private Practice Therapists
- Other licensed professionals supporting dyadic mental health treatment
